Instructor, Volunteer Girl Scout Leader, University Cottage Club, Alumni Schools Committee - Interviewer

EXPERIENCE

THE GILLETTE COMPANY

Summer Associate

Boston, MA
Summer 2001

New Product Analysis

- Developed tool to facilitate selection of next-generation product.
 - Evaluated capex and unit contribution for all possible combinations of 12 technology options.
 - Compared revenue and expenditures to baseline (no new product) scenario.
 - Optimized capital equipment conversions vs. purchases according to use and capacity constraints.
 - Smoothed manufacturing volumes through use of pre-production and phased-in geographic launches.
 - Differentiated between expected sales volume of line extension launch vs. major new product launch.
 - Allowed lower equipment expenditures through variable machine utilization and conversion lead time.
- Performed sensitivity analysis to determine effect of changes to key assumptions.
- Summarized financial benefits of technology options to aid in strategic selection of next generation product.

ANDERSEN CONSULTING

Consultant

New York, NY
1997–1999, Summer 1996

Contributed to cases in the following industries: Consumer & Industrial Products, Retail, Internet, Insurance.

- Designed framework and independently analyzed productivity of weekly advertising circular to optimize quantity and placement of future flyer distributions.
- Developed metrics to gauge effectiveness of recommended strategy. Tested approach in 5 month, 20 store pilot test—collected sales by store and compared progress against plan and cost reduction target; projected annual benefits exceeded \$10M.
- Constructed and enhanced analytic model for calculating incremental sales and profit lift of items to be advertised. Results enabled client to maximize the effectiveness of each advertising exposure.
- Led client team in assessing and evaluating current software systems in order to find cross-divisional synergies; ensured on-time quality completion of surveys and interviews. Facilitated planning workshops.

Business Analyst Intern Recruiting

- Created annual budget and plan for 1998 school year. Implemented plan and monitored performance vs. budget. Developed advertising and directed efforts of dozen-member team for candidate review.

KRAFT FOODS

Associate Brand Manager—Maxwell House

Tarrytown, NY
Summer 2000

Weekly and Monthly Business Tracking

- Proactively monitored business performance of 8 brands (\$700K revenue) due to advertising, consumer promotions, trade, competitive activity, and distribution. Recommended actions to maintain market share.
- Developed and revised sales forecasts on a weekly and monthly basis.

Comprehensive Evaluation of Decaffeinated Business Opportunity

- Identified consumer drivers and analyzed current and historical decaf market: size, growth, distribution, pricing, regionality, channels, trade, CP, advertising, competitive landscape, attitudes, usage.
- Recommended specific strategies in synergy with 2001 plans; identified program costs and profit potential.

EXPERIENCE

AMAZON.COM, INC.

Product Management Intern, Toys

Seattle, WA
Summer, 2000

- Headed efforts to secure cooperative marketing agreements from top-10 vendors:
Developed marketing calendar for each vendor; created presentation on the benefits of cooperative marketing; presented package to vendors. Received commitments from all top-10 vendors, including Hasbro, Fisher-Price and Mattel.
- Created program to measure and improve Amazon Toys *Delivers* (subscription-based monthly e-newsletters):
Analyzed performance of past *Delivers* with respect to traffic, conversion and sales; implemented steps to facilitate ongoing *Delivers* tracking; provided recommendations to editorial team that will be implemented immediately.
- Initiated process for selling and tracking specialty vendor site placements and promotions:
Prepared four tiers of marketing packages; worked with merchandising team to create attractive promotions; developed database to track sales. Process helped team exceed expectations in receiving cooperative marketing commitments.
- Managed the development of a special promotion used to introduce customers to a new product line:
Oversaw relationships with sponsoring vendor, external agencies and internal cross-functional team. Promotion results surpassed team's product awareness objectives by over 100%.
- Analyzed site traffic and conversion rates for Toys Group:
Prepared conversion reports for 2nd quarter reviews; measured the success of specific on-line and off-line promotions.

J.P. MORGAN & CO.

Analyst: Private Equity Placements & Telecommunications Investment Banking

New York, NY
1996-1999

Project Management and Marketing

- Managed private equity fund raising process for a satellite services company:
Led investors through due diligence; prepared market and financial analysis with senior management; negotiated with investors on behalf of client to determine appropriate valuation and terms. Resulted in raising \$50 million of equity.
- Executed marketing plan to raise venture capital for a wireless equipment company in the automatic meter reading sector:
Drafted selling memorandum; identified over 75 potential investors; targeted marketing to these investors. Company successfully raised \$25 million in financing.
- Developed sales presentation and marketing strategy for a \$50 million basic-industries leveraged buyout fund:
Coached management on ways to position and present plan in order to attract limited partners.

Corporate Finance and Strategic Advisory

- Performed merger valuation for proposed cross-border transaction in telecommunications sector:
Produced breakup analysis of target company's six major subsidiaries; evaluated various financial impacts on acquirer.
- Evaluated client's potential investment in wireless company:
Conducted sensitivity analyses on target's business plan based on industry trends and benchmarks.
- Modeled financial business plan for a start-up venture in undersea fiber optic cable:
Created demand-based and capacity-driven models; determined appropriate capital structure and financing options.

EDUCATION

THE WHARTON SCHOOL, UNIVERSITY OF PENNSYLVANIA

MBA Candidate (Finance and Technological Innovation)

Philadelphia, PA

Dec 2000

- Leader, Platform Group, Wharton Technology Club.
- Member, Wharton Finance Club.
- Tiger Team member, Field Application Project: Worked with GE Small Business Solutions to effectively integrate the Internet with existing sales and support channels.

THE UNIVERSITY OF MICHIGAN

M.S. in Computer Science and Engineering GPA 7.8/8.0

Ann Arbor, MI

May 1996

Aug. 1996

Ph.D. Candidate

- Awarded a Fellowship and a Teaching Assistantship by the graduate school.
- Student member, Faculty Search Committee.

THE UNIVERSITY OF ROORKEE

B.E. in Computer Science and Technology GPA 4.0/4.0

Roorkee, India

May 1994

- Awarded a gold medal for achieving the first rank in the Computer Science department.
- Awarded cash prizes, tuition waiver and a scholarship for outstanding academic achievement.
- Best paper award at INFLUX 1993 (a technical symposium organized by the IEEE).

EXPERIENCE

SPEEDERA NETWORKS INC.

Santa Clara, CA & New Delhi, India

Summer, 2000

Business Development Associate (Summer Intern)

- Worked with the CEO and CFO to prepare financial projections for potential investors.
- Worked with the VP of Sales to prepare and implement an entry strategy for Speedera's products in Asian markets.
- Prepared a market strategy for effectively positioning Speedera's product lines. As a part of this effort, I worked on estimating revenue from new products. This work was used as a quick basis for valuing the company.
- Led customer acquisition pitches and negotiated reseller agreements: I was involved in effectively targeting businesses and channel partners (in the United States and in India) for the sale of Speedera's Internet content delivery products.

HEWLETT-PACKARD CORPORATION (HP)

Cupertino, CA

1996-1999

Software Design Engineer, Systems Interconnect Solutions Lab

- Performed research and development of network protocols for clusters of HP computers. These protocols are used in computation-intensive research environments (aircraft design, crash simulation, database applications).
- Monitored usage and performance of HP products at international customer sites. This work established a clear process to incorporate customer feedback into the design of HP networking products.
- Initiated a summer internship program in the lab (1999). This effort required the management of a substantial budget and resulted in the successful completion of projects that sell as HP products today.
- Led a team of engineers in the disclosure of industry record SPECWEB and SAP-SD benchmarks.
- Implemented enhancements to the HP UNIX Operating System (HP-UX) for next generation network protocols.

XEROX CORPORATION

El Segundo, CA

Summer, 1995

Software Engineer Intern

- Designed and implemented software to fetch documents from the WWW for the Xerox Odyssey printing system.
- Social Chair, Xerox Internship program.

ADDITIONAL INFORMATION

- Enjoy reading, traveling, playing squash and listening to Indian classical music.
- Founding member, University of Roorkee, Batch of 1994 alumni trust. This trust provides funds to institute awards for excellence in teaching and research at the University of Roorkee, India.

Experience

J.P. Morgan Inc.
Summer Associate, Investment Banking – Technology Media Telecom Group
Mergers & Acquisitions

New York, NY
6/00 – 8/00

- Participated in due diligence efforts for a \$1BN cross-border acquisition deal in the IT software sector - represented the buy side in the transaction. Helped prepare the fairness opinion for the client, modeled and analyzed accretion/dilution effects of the merger and other potential acquirers.
- Performed detailed analysis of the residential broadband and wireless markets in order to recommend a US distribution strategy for an international media giant (\$65BN) with assets in music, movies, video and games.

Capital Structure Analysis

- Helped a magazine publishing company (\$5BN) de-lever and balance its capital structure, in order to utilize cash flow generated for new media initiatives. Coordinated the teams efforts across different divisions: Equity Capital Markets, High Yield, M&A to present a cohesive strategic plan to the client

Carve-outs and Divestitures

- Advised an established venture capital, incubator firm on ways to increase shareholder value including exit strategies for its public portfolio. Performed detailed IRR analysis on each of the portfolio companies in order to determine suitable exit candidates and exit strategies

Silicon Graphics Inc. **Mountain View, CA**
1997 - 1999

Marketing Manager, Media & Communications Industry Marketing

- Managed a virtual team across Europe, Asia and North America including sales managers, marketing associates and system engineers to generate annual revenues in excess of \$40M.
- Evaluated business plans for partner software companies, determined level of investment based on strategic importance, resulting in additional leveraged hardware sales valued at several million dollars.
- Developed and delivered company's overall market strategy for the Animation & Special effects industry; was identified as the industry specialist within the organization
- Advocated the adoption of digital technology in the traditional animation business environment (the current standard) through direct interaction with press and key industry players.
- Negotiated critical sales situations, achieved 95% success rates in closing deals. Total value of deals closed over 2 years: \$10M.
- Maintained business relationships with premier customers, devised PR and marketing campaigns to promote their recent successes in trade press and at industry trade shows and conferences.

Member of Technical Staff, Workstations Product Division **1994 - 1997**

- Built the core graphics capabilities for one of the most successful workstation products. Revenues crossed \$1 billion in less than 18 months.
- Promoted to Marketing Manager responsible for managing worldwide revenues from the Animation and Special Effects industry.

Digital Equipment Corp. **Palo Alto, CA**
1991 - 1994

Principal Software Engineer. Workstations Systems Engineering

- Architected 3D graphics software for the workstation product line, generating over \$500M in revenues over a period of 3 years.

EDUCATION

THE WHARTON SCHOOL, University of Pennsylvania Philadelphia, PA

Master of Business Administration Candidate May 2001

Dual Major in Finance and Entrepreneurial Management

- First Year Honors List
- Finance Club member, Christmas in April house manager, Graduation Committee co-chair
- Global Immersion Program participant – European Union

THE WHARTON SCHOOL, University of Pennsylvania Philadelphia, PA

Bachelor of Science in Economics, summa cum laude May 1994

Concentration in Accounting

Honors: Dean's List for four years, Beta Gamma Sigma, outstanding graduate in accounting award

EXPERIENCE

FIRST UNION SECURITIES, INC. Charlotte, NC

Summer Associate, Mergers and Acquisitions (formerly Bowles Hollowell Conner) Summer 2000

- Evaluated strategic alternatives for the world's leading branded lawn and garden company; researched industry and peer groups, identifying drivers of value; analyzed potential acquisitions, sale of the business or divestiture of select segments, and a possible leveraged buyout by a major shareholder.
- Participated in due diligence and co-authored Confidential Information Memorandum for a healthcare provider.
- Prepared valuation and pro forma merger analyses for two targets in the medical device industry.
- Researched industry trends, competitors and private equity market for a pitch to raise \$100 million of new equity for a major building products distributor.
- Gained extensive experience modeling various financing alternatives and valuations using discounted cash flow, leveraged buyout, comparable company, precedent transaction, and accretion/dilution methodologies.

APEX HEALTH, INC. Boston, MA

A start-up healthcare services company focused on women's health

Director of Development 1998 – 1999

- Evaluated acquisition opportunities through in-depth financial analyses and operational due diligence reviews.
- Negotiated transactions doubling the number of affiliated physicians to 360.
- Researched new product lines to expand services offered to affiliated physicians and negotiated exclusive provider arrangements with strategic partners.

Manager of Corporate Analysis 1998

- Developed corporate financial model and analyzed optimal capital structure for private equity financing.
- Drafted comprehensive business plans for new affiliations.

PRICEWATERHOUSECOOPERS LLP Houston, TX

Senior, Audit and Business Advisory Services 1994 – 1998

- Lead senior on publicly-traded, venture capital backed and privately-held engagements; responsible for project administration as well as planning and supervising multiple concurrent audit, due diligence and consulting engagements.
- Participated in fifteen acquisition engagements and prepared related pro-forma financial statements, private placement memoranda and due diligence reports.
- Created the valuation model for a \$400 million proposed acquisition and evaluated post-merger consequences.
- Developed the financial and operational reporting requirements for a client and trained its employees.
- Gained significant SEC reporting experience from public company audits and acquisition engagements.
- Presented proposals and project findings to client senior management.

ADDITIONAL INFORMATION

- Certified Public Accountant (CPA), State of Texas
- Junior Achievement instructor (1995 – 1998)

Philadelphia, PA
May 2001

- Member of Technology, Entrepreneurship, E-Commerce and Private Equity Clubs
- Significant Charitable Activities: Christmas in April (Project Leader); Say Yes to Education; MS Bike-A-Thon
- Co-Captain: Wharton Wildmen Ice Hockey Club – D Team

UNIVERSITY OF COLORADO

Bachelor of Science in Business – Dual Major in Finance and International Business

Boulder, CO
May 1995

EXPERIENCE

NARUS INC.

Palo Alto, CA
Summer 2000

Intern – Solutions Marketing

NARUS, a pre-IPO technology company, provides IP Service Providers with complete information about customer activities on their network, and enables the creation of differentiated service offerings based on that intelligence with real-time, usage-based billing capabilities.

- Initiated, and was project leader for, a joint solution between Cisco, Portal Software and NARUS targeted at broadband cable service providers. The Cisco/Portal/NARUS offering represents an integrated end-to-end equipment and software solution for broadband cable operators who wish to implement usage-based billing plans over their networks. Key deliverables included a joint white paper and case study with ROI analysis.
- Responsible for identifying and defining the NARUS specific solution for the ASP and Hosting Services (data centers) industry segments. Made a presentation to the worldwide NARUS sales force to deliver the following collateral for the Hosting Services segment: industry overview, target customer list, white paper, case study and sales presentation for the sales force to utilize in the field.

CHASE CAPITAL PARTNERS (CCP)

New York, NY
1997 - 1999

Associate

Chase Capital Partners is a global private equity/venture capital organization with over \$12.0 billion under management.

- Conducted extensive due diligence and performed comprehensive private equity investment and valuation analysis including the evaluation of business plans, operating/acquisition strategies, competition, industry trends and economic factors.
- Completed twelve private equity transactions including leveraged buyouts, venture capital and mezzanine transactions with total equity capital invested/committed of \$327 million. Played a key role in formulating, executing and closing transactions. Coordinated various transaction consultants. Assisted in negotiating investment documents. Supported portfolio companies post closing with add-on acquisition and financing decisions.
- Promoted from Analyst to Associate after receiving highest performance rating for first year review.

CHASE SECURITIES INC.

New York, NY
1995 - 1997

Financial Analyst; High Yield Corporate Finance; Global Investment Banking

Underwriter of high-yield corporate debt, specializing in the “one stop shopping” financing of leveraged buy-outs.

- Completed nine lead managed and seven co-managed transactions for domestic and international companies in various industries, with total proceeds of \$2.4 billion.
- Primary responsibilities included i) conducting due diligence; ii) financial modeling; iii) negotiating bond terms and covenants; iv) drafting offering documentation; v) preparing marketing presentations; vi) assisting in the pricing and distribution of high yield transactions; and vii) new Analyst mentoring.
- Received the highest performance rating both years as an Analyst.

MILITARY EXPERIENCE

UNITED STATES MARINE CORPS RESERVES

Aurora, CO

Corporal, Marine Air Control Squadron 24, Administrative Clerk

1992 - 1995

- Completed eight months of active duty including boot camp, Marine Combat Training school and Administration school. Graduated boot camp and Administration school as squad leader. Meritoriously promoted to Corporal (non-commissioned officer status) nine months after reporting to reserve unit, over a year ahead of peer group.

EXPERIENCE**BAIN & COMPANY**

Boston, MA

Summer 2000

Summer Associate*Designed a target market strategy for a pre-IPO web development company.*

- Conducted market sizing and competitive analysis. Identified an under-penetrated universe of 6,000 mid-sized companies with web spending between \$1mm and \$6mm. Recommended three key target industries.

Performed due diligence on a proposed industry-sponsored B2B exchange.

- Assessed the capabilities of 10 B2B exchange enablers across the critical value chain and recommended a preferred technology partner.

FIDELITY MANAGEMENT AND RESEARCH COMPANY

Boston, MA

1995 – 1999

High Yield and Fixed Income Divisions: Research Associate / Analyst*Leadership and Engagement Management*

- Developed, presented, and published buy and sell recommendations that drove the investment allocations of portfolio managers' high yield and fixed income funds.
- Co-led general obligation bond research; identified investment opportunities, supervised an \$800mm credit portfolio.
- Directed numerous in-house meetings, site visits, and conference calls with senior management of potential investment companies to assess business and operating strategies and competitive positioning.

Quantitative Analysis and Research

- Led the research effort on over 105 small capitalization companies in a wide range of industries including retail, food and beverage, containers, printing and publishing, and technology.
- Analyzed and assessed industry and product outlook, quality of company management, financial performance, and firm capital structure in formulating investment recommendations.
- Evaluated over 150 different municipal bond credits and municipal bond insurance companies.
- Conducted extensive financial modeling, forecasting, and scenario analysis.

Internal Development

- Developed quantitative analytical tools and trained portfolio managers, analysts, and associates on their use.
- Initiated the redesign of the Research Associate position; recruited and trained 16 new associates.

ADDITIONAL INFORMATION

- Proficient in conversational and written Spanish.
- Financed 100% of secondary, undergraduate, and graduate education through work, scholarships, and loans.
- Interests include reading, mountain biking, independent film, travel, music, dogs.

SVETLANA BASOVSKY

2029 Spruce St. 2F, Philadelphia, PA 19103

(215) 735-8179 Svetlana.Basovsky.wg01@wharton.upenn.edu

EDUCATION

THE WHARTON SCHOOL, University of Pennsylvania

MBA Candidate: Majors in Entrepreneurial Management and Finance

Philadelphia, PA

2001

- Clubs: Consulting (VP, Events), E-Commerce, Entrepreneurship.
- Global Consulting Practicum: Developed U.S. market entry strategy for an African coffee producer.

UNIVERSITY OF ROCHESTER

M.S. Public Policy Analysis

Rochester, NY

1993

B.A. Economics, Political Science with honors

1992

- Awards: Phi Beta Kappa; Magna Cum Laude; Economics Honor Society.
- U.S. House of Representatives, Legislative Intern (1991): Assisted Congressman with developing trade policy.
- President, Shotokan Karate Club.

PROFESSIONAL EXPERIENCE

The Boston Consulting Group: Summer Consultant

New York, NY

Summer 2000

Worked with team to develop growth strategy for major media company.

- Co-facilitated client team activities, identifying and prioritizing opportunities in traditional and new media/commerce.
- Developed implementation plans for selected initiatives, working closely with client team members.
- Conducted competitor analysis and benchmarking of client's performance against industry.

Young & Rubicam, Inc.: Vice President

New York, NY

1996-1999

Strategy Development and Analysis

- Designed new product entry strategy for a \$150B automobile manufacturer. The team effort resulted in the successful launch of a luxury vehicle in the European market.
- Built an econometric model for a major retailer to predict price elasticity based on brand strength. Model assisted with purchasing strategy, selection of highly profitable consumer segments, and promotional tactics.
- Evaluated industry trends and consumer perceptions of a housewares firm for potential buyer. Found that price premium and market share were not sustainable, contributing to a significant reduction in company's acquisition price.

Leadership and Teamwork

- Led research projects to develop Y&R's understanding of globalization and growth of shareholder value through brand. Findings enhanced the corporation's thought leadership in the industry and deepened client relationships.
- Designed and conducted training sessions on strategy and research methods to colleagues worldwide.

Client Development

- Collaborated with New Business Team on analyses of consumer segments, potential markets, and competitive brand position.
- Co-authored presentations that grew revenues from key clients.
- Developed and presented strategic recommendations and research findings to senior client management.

Harvard Institute for International Development: Manager

Moscow, Russia

1995

- Collaborated with a team of leading economists to influence Russian macroeconomic policy through published analyses of financial stabilization and regional economic performance.
- Managed the start-up of a research institute; supervised and trained support staff; secured funding.
- Initiated and instituted methods for communication and collaboration among international research team members.

Abt Associates (Policy Consulting): Summer Consultant

Washington, DC

1992

- Worked with a team of economists to develop policy recommendations based on econometric models.

RESEARCH FELLOWSHIPS

Fulbright Foundation: Research Scholar.

TelAviv, Israel

- Conducted in depth interviews with academics, businessmen, and political activists to evaluate immigration policy. 1994
- Developed original theory of separation from the political establishment based on a case study of Soviet immigrants.

Ford Foundation: Research Fellow.

Lagos, Nigeria

- Analyzed leadership characteristics among Nigerian women through interviews with political and business leaders. 1991

ADDITIONAL INFORMATION

Languages: Native Russian; Proficient in Ukrainian and French; Training in Hebrew and Spanish.

Publications: "Hidden Employment: A Social Analysis". *A Survey of Russia's Social Policy*. 1995.

Interests Include: Filmmaking, Backpacking, 20th C. Literature, Piano, International Cuisine, Salsa Dancing.

EMPLOYMENT EXPERIENCE

MERRILL LYNCH & CO.

Associate, Investment Banking Division – Financial Institutions Group

New York, NY
Summer 2000 & Fall 2001

- Completed associate training program
- Participated in a sell-side M&A assignment for a large commercial bank - drafted descriptive memorandums for both the bank and its commercial finance subsidiary
- Participated in a buy-side M&A assignment for a major insurance company – prepared financial model to assess accretive/dilutive impact of proposed transaction and advised client regarding valuation throughout the bidding process
- Coordinated presentation that was used by the head of the Financial Institutions Group at an offsite conference for leading domestic asset management clients

MORGAN STANLEY DEAN WITTER

Associate, Investment Management

New York, NY
August 1997 – June 1999

- Analyzed the performance of emerging markets equity funds to enable portfolio managers to interpret the impact of prior decisions and to shape ongoing portfolio strategy; quantified the contribution to total portfolio return from stock selection, country allocation, and currency hedging activities
- Created and implemented a series of regional performance spreadsheets that were used by the head of the emerging markets equity product to evaluate the effectiveness of the global investment team
- Selected by senior management to serve on European Economic and Monetary Union (EMU) taskforce
- Identified operations and trading systems that would be affected by the European currency unification and developed the test plan which ensured EMU compliance and minimized business risk
- Developed marketing materials which emphasized the superior risk/return relationship of the firm's funds compared to that of our competitors; worked with the sales team to implement this analysis as part of their overall marketing approach

BLACKROCK FINANCIAL MANAGEMENT

Analyst

New York, NY

September 1994 – August 1997

- Established a portfolio tracking system for institutional accounts which monitored adherence to client investment guidelines; provided important feedback to portfolio managers to ensure prompt resolution of open compliance issues
- Led firmwide effort to construct performance composites in compliance with Association of Investment Management and Research (AIMR) standards and represented the firm during a critical audit of these composites
- Recruited, trained and supervised outside vendors to perform monthly total return calculations (this outsourcing effort ultimately reduced the number of in-house calculations by 75%)
- Calculated monthly total returns for institutional portfolios and mutual funds using both time and dollar weighted return methodologies

SAM BELL
Samuel.Bell.WG00@Wharton.UPenn.edu
(415) 902-6658

EDUCATION

The Wharton School, University of Pennsylvania May 2001
MBA, Individualized major focused on Marketing Philadelphia, PA

Begun in 1998, delayed 2nd year until Fall 2000 to continue with DoubleTwist.

- Valued \$1b+ market-sized lead candidate using binomial option pricing for **Neose Technologies** <www.neose.com>, a public biotech company.
- Researched \$7b brand extension and quantified market for **Della & James** <www.dellajames.com>, a Kleiner Perkins-backed wedding gifts registry.

Duke University June 1993
BA, Economics Durham, NC

- Analyzed macro-economic trends for **Professor Jeffrey Sachs, Harvard University**, as part of his advice to Poland's Minister of Finance on stabilization and privatization programs after the fall of the Berlin Wall. Consulted for a turnaround firm in Poland, backed by the United Nations Development Programme and the German Marshall Fund. Developed distribution network enabling hand-tool manufacturers to export to the United States.
- Co-founded the **Duke University Community Service Center**, the campus volunteer center.

WORK EXPERIENCE

DoubleTwist <www.doubletwist.com> Summer 1999 to Fall 2000
Director, Marketing and Finance San Francisco, CA

Assisted in the turnaround of an early stage enterprise software company for the data warehousing and mining of genomic information. Backers include Kleiner Perkins and other prominent venture funds.

- MARKETING – Managed a cross-functional team of 20+ employees in development through Beta of our direct-to-consumer Internet product, DoubleTwist.com™. Planned the sales roll-out of our database product, Prophecy™, marketed to the enterprise, achieving \$2m in first month sales. Performed initial market research.
- BUSINESS DEVELOPMENT – Initiated strategic alliances and business development partnerships. Prepared due diligence and assisted in the negotiations of multiple partnering deals.
- FINANCING – Worked with the CFO to raise \$37m in equity financing with a \$100m book. Oversaw road show and due diligence. Built company-wide financial plan for investor groups and internal management. Assisted in the IPO process through filing, including coordinating the S1 and preparing due diligence. Built initial relationships with the research analysts.

Independent project advisory work to early-stage ventures Fall 1996 to present
Personally recruited all clients. Projects include: Durham, NC, and San Francisco, CA

- ENTERPRISE SOFTWARE – Currently, advising a start-up selling software that provides differentiated capabilities for the data bus by extending it to the communication services.
- BIOTECHNOLOGY – Prepared the demand forecast and business case for **Genomic Health** <www.genomicehealth.com>, a biotechnology company recently funded by Kleiner, Perkins. Wrote business plan for **Alphavax** <www.alphavax.com>, a start-up focused on a vaccine delivery system. Assisted the in-licensing of intellectual property from the University of North Carolina, Chapel Hill.
- WIRELESS – Assisted development of the business plan and marketing strategy for **Neomar** <www.neomar.com>, a multi-platform WAP browser and secure gateway. Company subsequently partnered with Research in Motion (RIM).

Deloitte Consulting, Spring 1994 to Spring 1996
Business Analyst Boston, MA

Consulted on reengineering and strategy advisory work in the healthcare, energy and steel industries.

OUTSIDE INTERESTS

VOLUNTEER SERVICE – Established **Street Project Boston**. Elected to their Board of Directors.

TRAVEL – Fly-fished the Rocky Mountains and explored Texas and the South (1993-1994). Lived in Warsaw, Poland. Toured India, China and, more recently, Guatemala, Brazil, and Argentina.

OTHER – Avid cook. Hiking. Fishing. Camping. Learning to surf. Documentary photography.

PHILIP J. BELLARIA

2323 Locust Street
Philadelphia, PA 19103
(703) 283-6280
Philip.Bellaria.wg01@wharton.upenn.edu

EDUCATION**THE WHARTON SCHOOL**, University of Pennsylvania**Master of Business Administration Candidate in Finance** (GMAT – 760) *Director's List*

Philadelphia, PA

May 2001

- Developed e-commerce strategies for Godiva Chocolatier as member of elite student consulting project
- Selected to compete against other MBA students at *The Economist* Business Case Challenge in Montreal, Quebec

THE SCHOOL OF ADVANCED INTERNATIONAL STUDIES, Johns Hopkins University**Master of Arts Candidate in International Economics and Latin American Studies**

Washington, DC

May 2001

New York, NY
1995 - 1999

- Developed and utilized financial models for valuation of public and private companies, intangible assets, and shareholder equity using standard valuation methodologies (market multiple analysis, transaction analysis, discounted cash flow analysis).
- Reviewed and analyzed financial data, projections, and industry indicators to assess performance and expectations of subject companies involved in restructuring, mergers and acquisitions, litigation and gift and estate tax planning.

Associate 1998-1999

- Managed a team that estimated the value of a Philippine semiconductor manufacturer. Researched the domestic and international semiconductor industry and analyzed the implications of the Asian economic crisis on the financial condition of the business. Presented results to client management.
- Determined the value of a major international investment bank for a significant minority shareholder in connection with an initial public offering. Served as liaison to the client's chief financial officer.
- Promoted to Associate, a position previously offered solely to MBA graduates.

Senior Analyst 1997-1998, Analyst 1995-1997

- Assessed the financial condition and calculated the value of a large, national insurance company during major restructuring. Led management interviews and presentation of results to majority shareholders.
- Supervised a team of analysts that determined the fair market values and useful lives of the tangible and intangible assets inherent in the business of a major computer periodical publisher. Reviewed the results, which were used in preparation for the company's initial public offering.
- Coordinated undergraduate recruiting program for the New York valuation group.
- Selected by senior management to co-develop a Market Approach template which was implemented by the national valuation group.

ADDITIONAL INFORMATION

- Interests include running, skiing, boating, and genealogy.

EXPERIENCE

SAFEGUARD SCIENTIFICS, INC.

Wayne, PA

Communications Investment Group, Summer Associate

May 2000-Present

Identified and evaluated investment opportunities for Safeguard Scientifics, a publicly-traded operating company (NYSE: SFE) that acquires and operates technology companies focused on the Internet infrastructure market.

- Exclusively focused on investment opportunities in the telecommunications and Internet infrastructure technology sectors.
- Analyzed potential investment opportunities, assessed management teams, evaluated market potential, and researched private and public competitors.
- Conducted due diligence, interviewed key customers, developed financial projection models, performed valuation analyses and presented to investment committee.
- Assisted in advising partner companies on developing operating strategies, identifying market segments, researching industry trends, evaluating growth opportunities and analyzing exit alternatives.
- Contributed to partner company board presentation on the future direction of telecommunications networking technology.
- Attended conferences and advisory board meetings to source investment opportunities and identify potential co-investors.

CITICORP SECURITIES, INC.

New York, NY

Capital Structuring Group, Assistant Vice President

1997-1999

Structured, presented and executed private transactions for Fortune 200 companies to raise tax-deductible minority interest equity and achieve accounting, rating agency and additional ancillary benefits.

- Actively participated in structuring financings that raised over \$1.4 billion of minority interest equity. Recognized for contribution to deals that received two of ten 1997 Global Relationship Bank Customer Solution Awards.
- Presented complex transactions and led follow-up discussions with client CFOs and Treasury teams, bank groups, equity investors, and corporate and tax lawyers.
- Evaluated business rationale and financial returns for each transaction.
- Demonstrated impact of deals on clients, lenders and investors by composing debt and equity offering memoranda and creating financial models for GAAP, partnership accounting and tax purposes.
- Actively participated in drafting of term sheets, partnership agreements and other documents. Led due diligence efforts and certain client, lender and investor negotiations that addressed financial and structural issues.

Global Chemicals and Pharmaceuticals Group, Analyst

1994-1996

- Prepared analyses for marketing and approval of project financings, off balance sheet lease structures and other products.
- Received 1995 Relationship Bank Associate of the Year Award for excellence; only Analyst to receive this honor.
- Only Analyst from class of 35 promoted to Associate level and invited to join 5-month training program reserved for MBAs.

EXPERIENCE

INTEL CORPORATION

Product Marketing Intern

Folsom, CA
Summer 2000

- Spearheaded the development of an interactive marketing tool by coordinating the efforts of more than 45 individuals worldwide. The marketing tool pioneers the effort to sell platform solutions to small and medium businesses through Intel's worldwide channel of dealers.
- Decided to feature Intel components such as the Pentium® III processor, branded desktop motherboard, chipset and wireless networking devices. Made the marketing tool available in 13 languages and built it to be flexible to meet the various needs of a worldwide audience of consumers who buy through a channel of 40,000+ dealers in 106 countries.

THE QUAKER OATS COMPANY

Customer Marketing and Sales

Pleasanton, CA and Phoenix, AZ
1992 to 1999

Promoted to highest-level account management responsibility after starting as entry-level sales representative and receiving four subsequent promotions. Positions evolved to broker and analytical team management roles prior to managing the customer marketing for key brands such as Cap'n Crunch and Life Cereal.

Customer Marketing and Sales Management

- Managed \$20 Million customer marketing budget for businesses that generated \$80 Million in annual sales.
- Analyzed trends, price sensitivity, competitive activity and promotional effectiveness to recommend tactical shift in depth of promotional pricing and frequency as well as a distribution drive on void products. Activities drove improved profitability of Life Cereal by 20% and grew share by 15%.
- Identified opportunity to increase promoted prices and reduce advertising frequency at unprofitable customers to drive results that were best of 8 regions across the USA. Activities resulted in growth in profits of 11% while also increasing share of Instant Quaker Oatmeal 7%.

Analytics

- Increased distribution and grew sales and profits of Quaker Bagged Cereal 15% through analysis of private label interaction with branded and bagged cereals.
- Spearheaded analyses for category management processes to improve profitability through efficient product mix identification, increase of inventory turns, effective depth and frequency of promotions and competitive pricing.
- Played integral role in the design, implementation and execution of customer marketing and sales planning software system that is the Gold Standard for the industry.

Leadership/Business Management

- Directed 100+ person retail brokerage for the largest territory in the western region. Set measurable retail distribution and shelf management objectives and ensured goals were met.
- Led 4-person team responsible for customer marketing and sales support.
- Executed pricing, shelf management and distribution strategies as well as the profitable management of trade promotions. Negotiated promotional contracts.

ADDITIONAL INFORMATION

- Led a team of six in a market research project for an Internet start-up, yet2.com
- Played key role in an online strategic marketing project for Bristol Myers Squibb
- Baby sign language, scuba diving, skiing, youth soccer coach, volunteer for youth group for blind children

April 1998-August 1999

- Led four person team in pilot effort of North American Operations warranty reduction program; a joint effort with a key GM supplier responsible for reducing an \$89 million annual warranty expenditure. Project received 2000 Lean Engineering Recognition Award.
- Utilized statistical problem solving methodology to discover the root cause of primary warranty costs and implement corrective actions; improvements decreased warranty charges by over 20%.
- Developed procedures used by subsequent teams focusing on warranty cost reduction.

Supplier Development Engineer

March 1997-April 1998

- Resolved capacity issues and defrayed price increases by facilitating the transition of supplier processes to lean manufacturing principles.
- Performed cost studies to investigate the validity of supplier quote structures and recommend prices to GM purchasing agents, generated savings in excess of \$3 million.
- Placed on special assignment with North American Operations Logistics Group, focusing on the railroad industry. Improved lead-time and throughput of vehicle delivery over rail, from assembly plants to dealer distribution centers.

Associate Supplier Quality Engineer

September 1995-March 1997

- Managed relationships with suppliers to ensure the ability of processes to manufacture parts within engineering specifications at the demand rate.
- Visited supplier manufacturing sites to perform quality audits, approve processes for shipment of material to GM assembly plants, and prove quoted capacity.
- Lead Supplier Quality Engineer for the GM de Mexico Right Hand Drive C/K Truck Program. Coordinated the efforts of thirty-five supplier quality engineers on an export adaptation of the Suburban and Tahoe built in Silao, Mexico. Program awarded 1997 President's Council Honors for Outstanding Teamwork and Achievement.

UNIVERSIDAD DE LIMA

Lima, Peru

Bachelor of Business Administration

December 1994

- Elected to the University Assembly (1992-1993) and the University Council (1993-1994), Universidad de Lima's top student government institutions. GPA: 4.0 out of 4.0.

EXPERIENCE

DIAGEO plc [United Distillers and Vintners]

London, UK

Summer Associate – Brand Innovation Group

Summer 2000

- Developed cash flow model to assess profitability of new product launches. Model is currently being used to verify £100 million estimate in incremental profits from worldwide launches of new “Ready-to-Drink” (RTD) category.
- Led ideation sessions with cross-functional team members from UDV Italy, Spain and UK to identify new RTD category's key economic drivers and value creation opportunities.
- Researched consumer purchasing trends in beer and RTD categories, including price points, packaging, distribution channels, etc. Results currently being used to develop new trade strategy.
- Conducted competitive analysis and estimated size of the profit pool for 13 key beer and RTD markets.
- Developed generic framework to analyze new product development and pricing strategies. Initiated framework's implementation in UDV Italy.

BANCO DE CREDITO DEL PERU

Lima, Peru

Senior Risk Analyst – Risk Analysis Area, Credits Division

1998-1999

Strategic Planning and Project Management

- Led ten-person team that revamped credit application procedures and created the Risk Analysis Area. Secured reduction of bank's portfolio of past due loans by US\$5 million in first year, improved collateral quality and value, and approved safer loans. Working methodology adopted by bank's affiliates in Colombia, El Salvador and Bolivia.
- Assessed short- and long-term loan applications by small and medium size businesses. Presented and recommended credit proposals to senior management.
- Organized roundtables to train new analysts and to evaluate performance of new Risk Analysis Area by identifying and resolving bottlenecks.
- Designed standardized loan evaluation process and risk-perception software, reducing credit approval time by 60%.
- Developed and implemented a nationwide training program which facilitated a smooth transition to new credit application procedures.

Credit Officer – Commercial Banking, Corporate Banking Division

1995-1998

Finance and Business Analysis

- Managed a US\$250 million portfolio of loans to the largest import/export, paper manufacturing, construction, consumer products and fishing firms in Peru.
- Conducted ongoing short- and mid-term analyses of clients' financial positions and recommended credit proposals to Credit Committee. Generated US\$100 million of new loans in 1998, exceeding annual budget by 120%.

Leadership Skills

- Led research team that prepared in-depth analysis of potential banking options in Central America, as part of Banco de Credito's global expansion strategy. Presented a justification for setting up a bank in El Salvador.
- Organized the massive retail sale of 44 million shares for Peru's largest engineering services and construction activities group in Peru.

Presentation Skills

- Presented new business opportunities to prospective customers, generating US\$60 million in new loans.
- Developed a high-impact presentation targeted to attract prospective international customers in the Peruvian market; expanded the number of portfolio customers by 25% in a two-year period.

ADDITIONAL INFORMATION

- Native Spanish speaker, fluent in English, and knowledge of Portuguese. Peruvian and European Community citizen.
- Passion for antique collecting and Peruvian colonial art. Enjoy dancing, traveling, swimming and volleyball.

June 1995

- Completed thesis, "Fatigue Fracture of the Proximal Femur," at Beth Israel Hospital's Orthopedics Biomechanics Lab
- Vice President, Sigma Kappa Sorority (110 members). Oversaw the Standards Board and operations of committees
- Secretary, MIT Class of 1995 • Varsity Women's Lacrosse

EXPERIENCE

CORIO, INC.

San Carlos, CA

Summer 2000

Summer Intern, Marketing Group

Managed projects in Marketing and Business Development for a leading Application Service Provider (ASP) focused on hosting tier-one enterprise applications. Corio is backed by Kleiner Perkins and went public in July 2000.

- **Product Development.** Developed an online sales tool used to shorten the sales cycle and illustrate the ASP model and Corio's offerings to internal sales force, channel partners, and prospective customers. Oversaw the creation of the Customer Relationship Management (CRM) and eCRM sections of the sales tool.
- **Product Marketing.** Developed collateral and marketing materials to position new service offerings to customers. Briefed IT analysts at leading research houses on Corio's strategy and position within the ASP industry.

A.T. KEARNEY, INC.

New York, NY

1997-1999

Associate, Financial Institutions Group

- **Project Management.** Managed a sub-project to assess relationship between process cycle times and customer satisfaction at a premier insurance company. Trained client team members and wrote performance evaluations. Presented recommendations for process improvements and reporting metrics to senior clients.
- **Organizational Change/Operations Management.** Co-managed six-person client team to reengineer business processes of a Canadian bank as part of a corporate redesign effort. Led team in mapping process flows and developing process improvements. Developed manager training program to prepare employees for change.
- **Project Development.** Co-developed a successful post merger integration project proposal for a large Canadian financial institution.

J.P. MORGAN & CO.

New York, NY

1996-1997

Analyst, Debt Capital Markets

- **Financial analysis.** Developed debt pricing models, performed detailed debt profile analyses, and communicated indicative bond pricing to industrial companies and REITs. Recommended maturity, size and type of debt offering. Select transactions include Chrysler Financial's \$300MM issuance; Energy company MAPCO's \$200MM issuance.
- **Marketing.** Presented and evaluated current market opportunities to clients. Marketed fixed-income qualifications.

Analyst, Mergers and Acquisitions/Advisory – Technology Group

1995-1996

- **Financial Analysis.** Created numerous financial models including pro forma merger models, IPO valuation models, and accretion/dilution analyses. Analyzed market research and identified industry opportunities and trends.
- **Acquisition execution.** Completed valuation work and merger analysis for Packard Bell Electronics' \$650 million acquisition of Zenith Data Systems. Worked with management to develop financial projections for valuation.
- **Strategic Planning.** Analyzed market entry opportunities and competitive landscape for United States Postal Services' joint venture with American Express to develop and market prepaid phone cards.

ADDITIONAL INFORMATION

- Conversant in Chinese (Mandarin). Aspiring golfer and photographer. Travel and tae boxing enthusiast.
- Advised President of the Institute of International Education (IIE) on increasing profitability of publishing division.

- House Representative - Student Residence Council

EXPERIENCE

DELOITTE CONSULTING

Summer Associate, Client: new B2B exchange created to service high-tech manufacturing industry

San Francisco, USA

Summer 2000

- Conducted a survey of B2B exchanges across several industries and analyzed underlying cost structures and technology architectures, providing the client with a framework used for the purchase and assembly of its own technology platform
- Organized a series of panel discussions involving the CFO, CTO, and an external group of existing exchanges, allowing the client to identify technological, financial, and operational best practices and to incorporate these with its own strategies
- Produced a high-level guide to building B2B exchanges that was presented to the client and published on the Deloitte Consulting research intranet

MORGAN STANLEY JAPAN LTD.

Information Technology Associate, Asset Management Division

Tokyo, Japan

1997 - 1999

- Initiated the use of Internet technology, allowing for the development of online applications which greatly enhanced many areas of the firm's business including operations, trading, and fund management
- Developed an equity trading system which provided a direct link between fund managers and Tokyo brokers, allowing stock orders and executions to be carried out over the Internet
- Implemented a web-based risk analysis system which evaluated portfolio exposure to currency and interest rate fluctuations, adding a significant degree of safety to the cooperative efforts of European, American, and Japanese fund managers

GOLDMAN SACHS (JAPAN) LTD.

Information Technology Analyst, Equity Division

Tokyo, Japan

1994 - 1997

- Developed a real time alarm system that produced warning signals as security prices moved beyond user defined limits, thus allowing brokers in New York and Tokyo to focus less on price monitoring, and more on productive sales related activities
- Designed a sales tracking system which analyzed trends in commission generated by the equity sales division and allowed partners of the firm to evaluate the relative importance of clients as well as the individual performance of salespeople
- Provided bilingual technical support for information systems used by the equity sales division, allowing nearly fifty brokers to function in a consistent and reliable environment

SAMTECH INC.

Product Development Engineer, Product Development Group

Osaka, Japan

1992 - 1994

- Acted as a liaison between American and Japanese engineers throughout efforts to import new automobile manufacturing technology to Japan, and allowed the firm to deal effectively with Western companies on technical matters for the first time
- Traveled with Japanese engineers to U.S. vendor site in order to conduct final testing and shipping of manufacturing equipment valued at approximately \$2 million, contributing to its successful integration with the firms existing operations
- Provided Japanese training on computer controlled operation of imported manufacturing equipment, and oversaw the smooth transfer of Western technology to Japanese members of my engineering team

ADDITIONAL INFORMATION

- Speak French and Japanese
- Participate in many sports including ice hockey, downhill skiing, and surfing
- Have traveled throughout the US, Central America, Australia, England, France, Japan, China, Hong Kong, and South Korea

EDUCATION

THE WHARTON SCHOOL, University of Pennsylvania Master of Business Administration in Finance and Marketing

Philadelphia, PA
May 2001

- Advertising Manager, *The Wharton Journal*
- Member of Finance Club, Admissions Committee, Wharton Community Consultants, and Christmas in April

MIAMI UNIVERSITY

Oxford, OH
May 1994

Bachelor of Science in Accounting, *Magna Cum Laude*

- Studied abroad at the Miami University Dolibois European Center in Luxembourg
- President, Honors Community Development Committee

PROFESSIONAL EXPERIENCE

MCKINSEY & COMPANY

Associate

Stamford, CT
Summer 2000, 2001-present

- Analyzed business trends and performance across product lines and channels for a leading consumer goods company. Identified potential opportunities to increase revenue and reduce costs. Quantified financial impact of alternative strategies. Presented ideas for capturing opportunity to company management.
- Developed a financial model to monitor and analyze the operating results of different business units using key performance indicators. Identified and explained variances from forecast to actual. Implemented a new budgeting process and monthly reporting procedure for both US and international operations.
- Conducted a financial and operational review of the sales force for a large high tech company. Analyzed revenue, cost and profitability trends across divisions. Identified multiple strategies to improve sales force effectiveness, including preparation of financial models to estimate the present value of each strategy.
- Prepared a consumer demand analysis for paper goods in a retail study designed to reduce mismatches between product supply and demand. Identified specific cost-saving opportunities.

ARTHUR ANDERSEN LLP

Corporate Finance/Tax Manager

Chicago, IL
1994-1999

- Promoted from staff to senior associate to manager within four years.
- Selected as first manager to participate in six-month exchange program with the Sydney, Australia office.

Business and Financial Advisory

- Assisted U.S. multinational company with European expansion including: a reorganization of its UK operations, a French acquisition, and establishment of its European headquarters in the Netherlands. Analyzed the domestic and international tax consequences of the transactions. Constructed models to forecast net earnings and cash flow.
- Performed financial and tax due diligence related to a potential acquisition of hotel properties located worldwide. Reviewed historical and projected financial statements. Utilized cash flow modeling and forecasting techniques to analyze various acquisition structures. Prepared risk analysis and advised client on final bid offer.
- Prepared and reviewed federal, state, and local tax returns and estimated tax payments. Represented numerous clients before the Internal Revenue Service and various state tax jurisdictions.
- Negotiated and managed annual fees on client engagements. Budgeted time and expenses to ensure profitability.

Leadership and Teamwork

- Supervised, trained and mentored 15 junior staff members on various client engagement teams.
- Served as instructor for new staff members at Arthur Andersen's worldwide training center.
- Participated on both *Mergers and Acquisitions* and *International Corporate Transactions* Teams.

ADDITIONAL INFORMATION

- Certified Public Accountant, placed among top 150 candidates nationally on 1994 CPA Examination.
- Co-founder and site coordinator of the *City-Wide Tax Assistance Program* for disadvantaged families in Chicago.
- Advanced computer skills, including Microsoft Excel, PowerPoint, and Access.
- References furnished upon request.
